## BUDGET

## Get Involved in CVRD Budget Process Before Feb 28

Each year, the Comox Valley Regional District (CVRD) updates the five-year financial plan outlining the operational and capital requirements of each service. Five-year financial plans are required by the Province and allow the CVRD to develop long-term financial planning strategies to remain financially responsible while providing sustainable service delivery. The CVRD is required by the Province to have its budget adopted by March 31 each year.
